

Please do not allow legislation that would weaken the "Do not Call" law. It is the most effective law I have seen in New Jersey. I have started to answer the phone again because the annoying phone calls from telemarketers have stopped. If I want to purchase something I will find the web site or go to the store. I do not want to be pestered at home by unwanted salespeople. I have enough stress at work, I don't need it at home. Thank you.
